

Option #1: Design Your Own

The perfect option if you want full control over the design of your postcard but want Lammes to handle fulfillment and shipping. Simply create your design using our artwork guidelines, then either 1) email the file to mailorder@lammes.com and we'll print your art on white postcards, or 2) have them professionally printed by a 3rd party and mailed to our corporate office (*recommended if you have specific color requirements*). We will insert the finished postcards into the postcard box of your choosing and mail them to your address(es).

Postcard Artwork Guidelines

Design Window

Keep all the important parts of your design — logo, text, images — inside this area.

Postcard Size

This area will be hidden by the box, but *extend your design to fill this area too*. This is to ensure we have artwork that fits Standard postcard dimensions.

Specifications

- Minimum 300 dpi, print-ready file
- Save in CMYK mode
- If design contains an image only (no text) save as hi-res JPEG
- If design contains text + image, save as PDF or PSD (with layers).
